ORDER:

The Chief Engineer (R&B) CRN & MD, APRDC, Hyd., in his letters 2<sup>nd</sup> read above, has stated that the Gadwal - Rangapur road from km 0/0 to 15/0, declared as State Highway and to take up under Core Road Network vide G.O. 1<sup>st</sup> read above. This is an important road, starting at Gadwal town and connects to NH44 and connecting Gadwal, Itikyala Mandals, which are developing agriculturally as well as industrially under the Ayacut of Priyadarshini Jurala Project. Gadwal town is rapidly developing town in with growing business center for agricultural produce and several other factories located around the town. Famous pilgrimage centre Sri Jammulamma Devatha, is located at km 2/4 on this road and thousands of pilgrims visits this place everyday. The traffic intensity is high on this road, as the route is shortest connecting to the NH44.

2. Further, the traffic intensity on this road is 2702 CVPD and 13,236 PCUs per day. As per the IRC Guidelines the rate of growth in the traffic is 7.5 % and in the coming 2 years the traffic intensity is likely to be 15,300 PCUs per day which is above 15,000 PCUs/Day i.e. upto which a double lane can serve.

3. He has further stated that the carriageway from Km 0/0 to 3/0 is double lane and sanctioned for widening to four lane in another scheme. The existing carriageway is 7.00 m wide in the stretch from km 3/0 to 6/0. The existing carriageway in this stretch is not able to cater to the needs of the commercial traffic, being major town and constituency headquarters. Hence the reach from km 3/0 to 6/0 needs to be widened to four lanes with central median, to facilitate free passage of vehicular traffic and to avoid accidents. The last BT renewal from km 3/0 to km 4/4 was done during the year 2011-12 and km 4/4 to km 6/0 in the year 2002-03.

4. In the Lr. 3<sup>rd</sup> read above, the Municipal Commissioner, Gadwal has given undertaking, the urban local body of Gadwa Municipality will borne the cost of Rs.8.00 Lakhs, towards Cost of Land Acquisition including Structural compensation and shifting utilities, as part of the condition laid in G.O.Ms.No.87, TR&B(R.I)Dept. dt.03.09.2012 as envisaged in the report given by the C.E(R&B)CRN&MD,APRDC.
